Hi, Joannie-

Thank you for the opportunity to talk just moments ago.

As I mentioned, we are the [Colorado Career Project](#) and related Charity, [Fairchance](#), a 501C3. We are collaboratively partnered with the U.S. Attorney's Office and the U.S. Dept of Labor. We were started in 2013 by the U.S. Army and now host Colorado's largest monthly career events with 50 to 100 employers per event.

Along with Career Fair events, we host a consortium event called, "**Career Market**", which is a recruitment partnership event for Employers to partner with Colorado School Districts, High Schools, Junior Colleges, and Universities. We would very much like the D11 District to participate. There is a cost, but we've kept it quite minimal: \$95/3 months -or- \$195 for a Full Year. The events are all catered and your attendance team would meet employers and also be provided a CareerMarket Playbook (an indexed guide to current Employer contacts -and- their recruitment practices and preferences. CareerMarket provides opportunities to partner with Employers on over 25 levels including Onsite Recruitment, Curriculum Donations, Joint Ventures, Internships, Mentorships, and Apprenticeships.

We host events statewide. Many employers are from the Springs and most are Colorado-wide.

I included information below including this month's employers and which schools and colleges have signed up in just the last 30 days.

Please feel free to reach me with any questions. Otherwise, your team is welcome to click [HERE](#) to register.

Your district is welcome to open one or more accounts under the current pricing levels. Cherry Creek School District, for example, has two accounts under the \$195/year account.

Best regards / thank you!
